The source comprises eight partbooks. The present motet is no. 8 in the publication.

Editorial method: Original part names, time signatures and note durations have been retained. Clefs have been modernised, with originals appearing in prefatory staves. The overall range of each part is given in black stemless notes before the initial time signature, to which the music has been barred. The original pitch has been retained.

Editorial accidentals appear above the stave, whereas courtesy accidentals appear in parentheses. Ligatures are shown by square brackets above the stave, coloration by interrupted square brackets.

Text and translation: Ditto marks in the source underlay have been expanded using italics.

Assumpta est Maria in coelum
Gaudent Angeli
Laudantes benedicunt Dominum.

Mary is taken up into heaven
The Angels rejoice,
Praising, they bless the Lord.

Critical notes: Comprised of source readings not retained in the Edition. In the order bar, part, object, comment.
