NOTE: In this a capella TTBB edition the following changes are intended to make the piece faithful to its 1684 print, as Leonarda arguably intended it to be performed. In mm8, although "corrected" by earlier editors, the bass first semi-q is dotted as in the Camagni print, which yields a dance-like syncopation to this 6/8 tempo; in mm10 the "corrected" pitch of the tenor-1 first semi-q has been returned to the printed d', to accent the dissonance between the two voicings, as the author similarly stated in mm44; in mm61 we again meet the dotted semi-q's syncopation. No continuo has been thought necessary and the thoroughbass is left to a competent cellist to supply from the bass line.
